

# HLB ELYAA AUDIT AND ASSURANCE SERVICES

Quality is at the heart of HLB Elyaa - it is embedded in everything we do. So, when it comes to choosing a professional for your audit work, you can be confident in your HLB Elyaa auditor. With audit quality being fundamental to maintaining trust in the financial reporting process, our Audit & Assurance professionals ensure that your audits are conducted in accordance with International Standards on Auditing (ISA) and respecting the International Standard on Quality Management (ISQM).

One way we demonstrate our commitment to not only maintaining but constantly improving quality is through our membership in the Forum of Firms. With HLB Elyaa, we take our membership in the Forum of Firms seriously and have been proud to represent and give a voice to the mid tier market on an international scale.

Our team of audit and assurance professionals provide services to a wide range of clients across all industries and sectors. Some key areas of focus, in addition to providing statutory audits, are agreed upon procedures, transitioning clients from local standards to IFRS, audits of control environments, GDPR audits and cybersecurity /information technology audits and assessments.

The role of the auditor continues to transform in each coming year, and we are ready to embrace this change. HLB Elyaa continuously monitors and updates its quality assurance based on the recommendation and in coordination with the International Assurance Committee, who in turn, collaborates with our Global Technology Leader, HLB firms, and affinity partners in the technology space to identify and implement new technologies and ensure we stay at the forefront of a rapidly changing industry.

**TOGETHER WE MAKE IT HAPPEN**

## THE INTERNATIONAL ASSURANCE COMMITTEE

With Assurance being a pillar of the HLB strategy, it is only natural that the work of our International Assurance Committee (IAC) is an integral part of this. In addition to organising our annual audit conference and regional training events, quality assurance is at the heart of the IAC's role. Its members, along with our project management team and a group of highly trained internal peer reviewers, guarantee that the quality of HLB firms is regularly monitored.

HLB International experienced Committee members have developed a unique process of blending the quality control assessment with root cause analysis and subsequent learning, thus ensuring that best practice is adopted by all member firms worldwide. HLB Elyaa is proud to be part of the Quality Review team in the Middle East and assist in passing on the HLB message throughout the network.

All these elements come together to enable our audit professionals to bring an added value to every audit engagement.
